A fae Urban Fantasy Romance Trilogy McKenzie Lewis has a gift. It allows her access to a world few have seen and even fewer can comprehend. It's her secret. And it exists in the shadows...

McKenzie was a normal college student, save for one little twist: she's a shadow reader, someone who can both see the fae and track their movements between our world and the Realm. It's a gift for which she has been called insane, one for which she has risked family and friends—and one that has now plunged her into a brutal civil war among the fae. With the reign of the king and his vicious general at an end, McKenzie hoped to live a more normal life while exploring her new relationship with Aren, the rebel fae who has captured her heart. But when her best friend, Paige, disappears, McKenzie knows her wish is, for now, just a dream. McKenzie is the only one who can rescue her friend, but if she's not careful, her decisions could cost the lives of everyone she's tried so hard to save. When it comes to supernatural intrigue, nobody does it better than New York Times bestselling author Simon R. Green. Eddie Drood, at your service. For generations my family has been keeping humanity safe from the wicked, the nasty, and the generally not-nice inhuman predators who feed on people's fear and misery. No one kicks evil arse better than us Droods—especially yours truly. In fact, my arse-kicking skills have come to the attention of the legendary Alexander King, Independent Agent extraordinaire, who spent a lifetime doing anything and everything—for the right price. Now he's on his deathbed, looking to bestow all of his priceless secrets to a worthy successor. To decide, King challenges six competitors—myself included—to solve five mysteries all around the world, figuring that along the way we'll backstab one another until only one remains. But I've got to win at all costs, because King holds the most important secret of all to the Droods: the identity of the traitor in our midst.

The spell that bound her fate to their realm has unleashed its crippling curse. She's the only thing standing between them and total destruction... I can't control my powers or the brooding princes who won't let me out of their sight. And I can't keep my secrets safe for long. Which scares me as much as the dark pasts haunting my warrior princes. I shouldn't want them by my side, but I do. I need them, especially here among the fae court, a dangerous place with even more enemies hiding in plain sight...and among them, I fear my own parents stand waiting to end my life. Not that any of that will matter if I can't get my powers under control. They've already cost me so much and put us all in great danger. With time running out to save one of my own from becoming a cursed creature, I'll have to rely on my erratic powers and my bond with the princes to let us live to fight another day. But with every win, another shadow befalls us. Our odds of coming out of this alive grow less by the day. And less with each step we take toward learning the truth behind this insidious curse and what fate awaits me when it's finally over...

Collecting books can be a dangerous prospect in this fun, time-traveling, fantasy adventure—the first in the Invisible Library series! One thing any Librarian will tell you: the truth is much stranger than fiction... Irene is a professional spy for the mysterious Library, a shadowy organization that collects important works of fiction from all of the different realities. Most recently, she and her enigmatic assistant Kai have been sent to an alternative London. Their mission: Retrieve a particularly dangerous book. The problem: By the time they arrive, it's already been stolen. London's underground factions are prepared to fight to the death to find the tome before Irene and Kai do, a problem compounded by the fact that this world is chaos-infested—the laws of nature bent to allow supernatural creatures and unpredictable magic to run rampant. To make matters worse, Kai is hiding something—secrets that could be just as volatile as the chaos-filled world itself. Now Irene is caught in a puzzling web of deadly danger, conflicting clues, and sinister secret societies. And failure is not an option—because it isn't just Irene's reputation at stake, it's the nature of reality itself... **FEATURING BONUS MATERIAL:** including an interview with the author, a legend from the Library, and more!

Midnight Never Come Monster House Books

In 1843 on the island of Tahiti the evangelical missionary Rev. Alexander Simpson was accused of sexually assaulting three of the female students under his care, and of taking 'improper liberties' with at least three more. The events did not come out in public for at least a decade, while Simpson's power in the local community only grew and rumblings relating to his wrong-doings were ruthlessly 'crushed'. By exploring the case of Rev. Simpson, Emily Manktelow gives us key insights into the gender, power and racial dynamics of a particular case of sexual abuse on the frontiers of European colonialism. She explores the social and

sexual context of clerical abuse, considers the hierarchies of gender and power that determined how the case was handled, and investigates the nature of colonialism, gender and abuse in the 19th century. The uncomfortably timely content of *Gender, Power and Sexual Abuse in the Pacific* allows us to interrogate the way we deal with and represent issues of abuse, authority and childhood. It aims to give voice to those whom the archive has silenced, and to listen to what they have to tell us about gender, sexuality and abuse in the modern world.

Smart. Funny. Fearless. "It's pretty safe to say that *Spy* was the most influential magazine of the 1980s. It might have remade New York's cultural landscape; it definitely changed the whole tone of magazine journalism. It was cruel, brilliant, beautifully written and perfectly designed, and feared by all. There's no magazine I know of that's so continually referenced, held up as a benchmark, and whose demise is so lamented" --Dave Eggers. "It's a piece of garbage" --Donald Trump.

If you don't like loud-mouthed pixies who are really cool but sometimes get told they're immature (for no reason), then definitely stop reading. Oh, and if you're His Awfulness The Elf Prince 'Dare' Darius, then you can kiss my butt. My hatred for you burns with the fire of a thousand suns. Thanks for getting me kicked out of Pixieland and exiled to attend some rando human high school on Earth. You're the worst, even if you have a cute smile. And nice eyes. Your hair looks okay sometimes, too. But you're still a creep and I loathe you. And to everyone else: if you've read this far, then you better finish my entire diary. My story is supernatural, whacked-out, and overall awesome.
