Redirect: The Surprising New Science of Psychological Change In Redirect: The Surprising New Science of Psychological Change, social psychologist Timothy Wilson reveals insights from three decades of empirical evidence

indicating that what is true of culture is also true of individuals: Our experience of the world is shaped by our interpretations of it, the stories we tell ourselves, and these stories can often become so distorted and destructive that they completely hinder our ability to live balanced, purposeful, happy lives, so the key to personal ... Redirect: A New Way to Think About Psychological Change ... Presenting the very latest research, Wilson argues that the key to transforming our lives lies simply in learning to redirect the stories we tell ourselves. His revolutionary approach reveals how reshaping our internal narratives can increase our personal well-being and transform our
