This is the Only Complete Arban for Trombone & Euphonium. There has never been a truly complete Arban for trombone or euphonium until now.

Previous editions did not include all of Arban's studies. This benchmark edition is complete and comprehensive for both trombone and euphonium. Joseph Alessi (principal trombone of the New York Philharmonic) has written all the trombone text for this edition. His guidance in applying Arban's (trumpet) techniques to the trombone puts this

book into a class by itself. Dr. Brian Bowman wrote the text for euphonium. As a teacher and virtuoso performer, Dr. Bowman is uniquely qualified to transfer Arban's techniques to the euphonium.

This classic series of duets for like instruments is recognizable to nearly everyone who has ever studied an instrument. The wealth of material supplements musical development and provides a rich experience for growing musicians. Duet playing is often a student's first form of ensemble experience - technique, tone quality, intonation and balance are introduced as students do one of the things they enjoy most - making music with a friend. And

duet playing leads easily and naturally to competent performance in larger ensembles. (Vol. 1 - Easy to Medium, Vol. 2 - Medium to Advanced)
