Lights Out Skyhorse

From the creator of TheSurvivalMom.com comes this first-of-its-kind guidebook for all the “prepper” moms keen to increase their family's level of preparedness for emergencies and crises of all shapes and sizes. Publisher's Weekly calls Lisa Bedford's Survival Mom an “impressively comprehensive manual,” saying, “suburban mom Bedford helps readers learn about, prepare for, and respond to all manner of disasters. . . . From 'Instant Survival Tip' sidebars to a list of 'Lessons from the Great Depression'. . . Bedford's matter-of-fact yet supportive tone will keep the willies

at bay.”

The Death of Expertise Little, Brown

USA Today bestselling author Dean Wesley Smith returns to the world of Dust and Kisses with a new novel. Paleontologist Callie Sheridan spent a few days deep in the Oregon Caves on a dig with three students from the University of Oregon. When they emerged, they found almost everyone in the world dead. Survival became her only thought. Mathematician and galactic explorer Vardis Fisher dropped into orbit over a planet where almost all of the human life had been recently killed for no obvious reason. Suddenly, hundreds of other ships, all human, appear in orbit and start working to save the planet's remaining population. Together,

Callie and Fisher work to discover the secrets of a galaxy that has been hidden in plain sight, even from the powerful humans who rescued millions. And in the process, they just might change everything.

In the small town of Black Bay, a vacant, forgotten house sits atop an overlooking bluff. When Bailey and Bodhi Taylor move in and begin renovations, the house seems perfect. But things move on their own, screams echo from the basement, and Bailey sees a shadowy figure out of the corner of her eye. Is the house haunted? And if it is, what does the ghost want with Bailey?

Edge of Collapse Ragnarok Press

Two years have passed since humankind faced extinction ... A fierce post-apocalyptic story of war and loss, of nature's vengeance, of survival in the face of overwhelming odds. Semi Finalist in the 2016 BookLife Prize for Fiction. Finalist in the 2017 Eric Hoffer Book Awards. Finalist in the 2017 Red City Review Book Awards.

Blackout Wars Artech House

The Critically Acclaimed Surviving the Fall Series, Now in One Complete Edition! Surviving the Fall is an epic survival/thriller post-apocalyptic series that asks the "what if" question that lurks in the back of everyone's mind. When a devastating attack cripples and destroys every Internet-connected device in the country, Rick Waters is stranded a thousand miles from his wife, Dianne, and their children. To get back home he'll have to draw on every survival instinct he has as he's pulled into a web of lies and conspiracy that threaten not just his survival but that of the entire world. Surviving the Fall is a thrilling post-apocalyptic

episodic series that focuses on Rick and Dianne Waters and how they each deal with the apocalypse. Stranded across the country away from his family, Rick must travel from California to Virginia to reunite with his wife and children, all while struggling to comprehend and deal with the horrors along the way. At home with her three children when she experiences the beginning of the end in a dramatic and deadly fashion, Dianne Waters has experience as a prepper and survivalist, but not even years of training and preparation have readied her for the darkness that comes with the end of the world. Now she must draw upon those skills to protect her loved ones and fight back against those who come against her and her family. This complete edition of Surviving the Fall features all twelve books in the series, each one full of action, suspense and drama as Rick and Dianne struggle to survive the end of days.

Overpowered Independently Published

A world-ending meteor. An invasion of monsters. A desperate fight for survival... Alex Keener has lived all of his sixteen years in Bunker 108. He's walked the same metal halls, seen the same faces, has followed the same rules. All that changes when a viral outbreak forces him to flee the safety of his bunker. Outside, he discovers a barren world twisted by the impact of the meteor Ragnarok thirty years ago. Alone, he must wander a brutal landscape, where every breath is a fight for survival. Monsters haunt the planet's surface, and nothing of the old world remains. Can Alex survive this hellish wasteland, or will he become its newest victim?

The Abducted Harper Collins

In the dead of winter, a super EMP destroys the nation's power

grid. No electricity. No cars or phones. Worst of all: No heat. The country is plunged into instant chaos. But for twenty-six-year-old Hannah Sheridan, it's the best day of her life. For the last five years, she's been held captive by a sadistic psychopath--until the EMP releases the lock of her prison. Hannah emerges from her underground cell into a hostile winter landscape with no way to call for help, no vehicle that will drive, armed with nothing but the clothes on her back and her own determination to survive. Liam Coleman, cynical loner and former soldier, is headed nowhere fast. He believed he was prepared for any disaster--until the EMP took everything he'd ever cared about in a matter of seconds. When he runs across a desperate woman who will die without his help, he's forced to make a choice. Two hundred frozen, perilous miles stand between them and their destination in rural Michigan. But the lack of power, desperate people, and the treacherous elements aren't the only threats. Hannah's captor isn't about to let her go. He will hunt her to the ends of the earth and beyond, destroying anything and anyone who gets in his way. For she has something he wants--she's nine months pregnant with his child. *Edge of Collapse* is a gripping post-apocalyptic EMP thriller perfect for fans of Ryan Schow, Grace Hamilton, Harley Tate, Jack Hunt, and Boyd Craven.

The Final Homestead Emp

In an instant everything stops. No lights. No phones. No transportation. How would you get home? When coordinated EMP and Cyber attacks wipe out the nation's power grid, communications and transportation systems, ultra marathon runner, Maddie Langston is forced to run for her life. Stranded in a Chicago airport when the lights go out, Maddie is in a race

against time. According to her father, she doesn't have long before the city descends into chaos. She must leave the airport before it is too late. Although she knows she must flee the Windy City, Maddie's first battle is to overcome fear of the violence she knows is coming. She's a fighter; she just doesn't know it yet. The perilous journey out of the city becomes even more difficult when Maddie takes responsibility for an orphaned ten-year-old girl. Together, they must fight to survive as chaos fills the streets and struggle to survive in a Turbulent new world. Would you have what it takes to survive? This heart-stopping post-apocalyptic thriller is the first book in T. L. Payne's Days of Want Series. Look for *Hunted: Days of Want Series Book Two* June 2019. For lovers of books by Jack Hunt, Bobby Akart, Kyla Stone, Chris Pike, Ryan Westfield, Harley Tate, and Mike Sheridan. Buy Now or Read for FREE in Kindle Unlimited.

Survival Mom Independently Published

Imagine the end of the world. Now imagine something far worse. Could you survive? After the earth shook, there was only darkness. After the fear, there was only violence. After the chaos, only disease. After the attacks, only survivors. The catastrophic event was just the beginning. When Logan and his family move from Dakota to the small town of Moab, Utah, he could have never imagined the devastating chain of events that would unfold and the unspoken danger lurking in the shadows. In a matter of days his family and the rest of the world are thrust into the darkness of a post-apocalyptic world full of terrifying threats at every turn. Fear everyone, trust no one. Now, in a town on the brink of collapse, Logan tries to grapple with the mystery surrounding the event that's brought the country to its knees,

and the arrival of a hidden threat that kills and spreads like wildfire. Joined with a ragtag group of survivors, their only hope is to run, fight and find out how to stop it before it's too late. Will humanity have what it takes to deal with the unexpected? With real people in deadly circumstances, fighting for survival, *Darkest Hour* is a pulse-pounding story for fans of post-apocalyptic survival thrillers.

Last Stand Oxford University Press

Three visionary scientists and an eccentric Silicon Valley billionaire become humanity's only hope in the face of a global resource crisis that has prompted a daring effort to obtain essential needs from outer space. By the best-selling author of *One Second After*.

One Second After Anchorage, Alaska : Earthpulse Press

Technology and increasing levels of education have exposed people to more information than ever before. These societal gains, however, have also helped fuel a surge in narcissistic and misguided intellectual egalitarianism that has crippled informed debates on any number of issues. Today, everyone knows everything: with only a quick trip through WebMD or Wikipedia, average citizens believe themselves to be on an equal intellectual footing with doctors and diplomats. All voices, even the most ridiculous, demand to be taken with equal seriousness, and any claim to the contrary is dismissed as undemocratic elitism. Tom Nichols' *The Death of Expertise* shows how this rejection of experts has occurred: the openness of the internet, the emergence of a customer satisfaction model in higher education, and the transformation of the news industry into a 24-hour entertainment machine, among other reasons. Paradoxically, the

increasingly democratic dissemination of information, rather than producing an educated public, has instead created an army of ill-informed and angry citizens who denounce intellectual achievement. When ordinary citizens believe that no one knows more than anyone else, democratic institutions themselves are in danger of falling either to populism or to technocracy or, in the worst case, a combination of both. An update to the 2017 breakout hit, the paperback edition of *The Death of Expertise* provides a new foreword to cover the alarming exacerbation of these trends in the aftermath of Donald Trump's election. Judging from events on the ground since it first published, *The Death of Expertise* issues a warning about the stability and survival of modern democracy in the Information Age that is even more important today.

The Pentagon's Brain Simon and Schuster

Introductory Statistics is designed for the one-semester, introduction to statistics course and is geared toward students majoring in fields other than math or engineering. This text assumes students have been exposed to intermediate algebra, and it focuses on the applications of statistical knowledge rather than the theory behind it. The foundation of this textbook is *Collaborative Statistics*, by Barbara Illowsky and Susan Dean. Additional topics, examples, and ample opportunities for practice have been added to each chapter. The development choices for this textbook were made with the guidance of many faculty members who are deeply involved in teaching this course. These choices led to innovations in art, terminology, and practical applications, all with a goal of increasing relevance and accessibility for students. We strove to make the discipline

meaningful, so that students can draw from it a working knowledge that will enrich their future studies and help them make sense of the world around them. Coverage and Scope Chapter 1 Sampling and Data Chapter 2 Descriptive Statistics Chapter 3 Probability Topics Chapter 4 Discrete Random Variables Chapter 5 Continuous Random Variables Chapter 6 The Normal Distribution Chapter 7 The Central Limit Theorem Chapter 8 Confidence Intervals Chapter 9 Hypothesis Testing with One Sample Chapter 10 Hypothesis Testing with Two Samples Chapter 11 The Chi-Square Distribution Chapter 12 Linear Regression and Correlation Chapter 13 F Distribution and One-Way ANOVA

Idea Man BRILL

Battle plans never survive first contact with the enemy...John Eric Carver and Shrek, a retired SEAL war dog team, have created a safe haven in the high mountain desert. The remote former Boy Scout Camp seems perfect, with enough water and stored food to last years. Everything is in place to ride out the viral storm that is consuming the world. Off the California coast, an aircraft carrier strike group carrying nearly fifteen thousand souls seeks refuge. There is talk of moving to an isolated island, untouched by the infected. That changes when they are given new orders to retake Los Angeles from the Variant hordes. Survival will require courage and commitment. But most of all, it will demand sacrifice. Both groups thought they had escaped the apocalypse, but they are about to find out how wrong they are.

Enhancing the Resilience of the Nation's Electricity System O'Reilly Media

A field-tested guide to surviving a nuclear attack, written by a

revered civil defense expert. This edition of Cresson H. Kearny's iconic Nuclear War Survival Skills (originally published in 1979), updated by Kearny himself in 1987 and again in 2001, offers expert advice for ensuring your family's safety should the worst come to pass. Chock-full of practical instructions and preventative measures, Nuclear War Survival Skills is based on years of meticulous scientific research conducted by Oak Ridge National Laboratory. Featuring a new introduction by ex-Navy SEAL Don Mann, this book also includes: instructions for six different fallout shelters, myths and facts about the dangers of nuclear weapons, tips for maintaining an adequate food and water supply, a foreword by "the father of the hydrogen bomb," physicist Dr. Edward Teller, and an "About the Author" note by Eugene P. Wigner, physicist and Nobel Laureate. Written at a time when global tensions were at their peak, Nuclear War Survival Skills remains relevant in the dangerous age in which we now live.

Half Past Midnight Createspace Independent Publishing Platform

"Ted Koppel reveals that a major cyberattack on America's power grid is not only possible but likely--and that it would be devastating" and "examines a threat unique to our time and evaluates potential ways to prepare for a catastrophe"--Book jacket.

Grid Down Alamo

To solve a high-profile abduction, one former-police officer must confront a dark past. A child's abduction leads to a frightening pattern within a South Florida town where nothing is as it seems. Amidst the vast wetlands, suburban sprawl, and tropical heat, the

Lee County police department knows what to expect on any given day. But when a serial child predator stakes his claim in the area, there is no knowing when and where he will strike. The parents of the latest victim are baffled to receive no ransom demands, given their wealth and influence. And the town is in an uproar as the girl marks the fifth child to vanish.

The Haunting of Winchester Mansion National Academies Press
An EMP explodes over Washington DC and the world comes to screeching halt. As society falls into dismay, Harper Murphy, a skilled army quartermaster/single mother, charges headlong into the escalating chaos to save the only thing she holds dear: her son. In a world rife with chaos, how far would a mother go to

protect her family?

Pillar to the Sky Forge Books

Emplndependently Published

Brittle Power Macmillan

Captain Kate Holloway moved her family to New York to start over, and break the barriers that her work had created. But when an EMP brings New York to its knees, Kate must fight to survive amid the terror descending upon the city and rescue her family.

After the Fall Crown

Sixteen-year-old Nica Ashley moves to sleepy Barrington, Colorado, to live with her father and discovers a mysterious pulse of energy has given her and her friends superhero-like powers.
